Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	Personal Notes, WhatsApp	Self	Track daily tasks and project progress
2	Progress Update	Weekly	Email, Internship Portal	Self, Mentor	Share weekly project status
3	Issue / Bug Discussion	As Needed	ChatGPT, Stack Overflow, Google	Self	Resolve coding and deployment issues
4	Stakeholder Review	Bi-Weekly	Internship Portal	Self, Internship Coordinator	Review project milestones
5	Final Demo Rehearsal	Once	Local System	Self	Test the complete application before submission
6	Project Submission	Once	GitHub and Internship Portal	Self, Evaluator	Submit final project files and documentation

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty in understanding Flask deployment on Render	Referred to documentation and online tutorials and successfully deployed the application
2	Errors while preprocessing dataset and training the model	Debugged code and corrected data encoding and missing value handling
3	Limited real-world dataset availability	Generated a larger synthetic dataset and retrained the model for better performance
